For Men and Women Seeking Recovery

The Program

WHOS® Najara TC is a residential Therapeutic Community (TC) for men and women set in the tranquil hinterland of the Sunshine Coast. Its goal is to help individuals find freedom from alcohol and other drug dependence (AOD) and discover a better way of living.

Our Therapeutic Community's aim is to provide a safe and secure environment where men and women who suffer from alcohol and other drug dependence and its related problems can concentrate on their recovery.

WHOS® PROGRAMS

Residents are encouraged to take on increasing levels of responsibility in the running of the Therapeutic Community (TC). As a resident moves through the various stages of the program they receive increased levels of personal freedom and gain greater awareness of the effect their behaviour has on themselves and the community around them.

"I finally realised my addiction and life had become unmanageable and I sought help from WHOS® Najara on the Sunshine Coast. This has been the best move of my life. This facility has re-educated and taught me how to live a life on life's terms without alcohol and other drugs."
